2023 – One Training Offering

7736 Decision Making Initial Company Operations (DMICO) F0457

Course Code/Section Number: 7736-24002

Dates	Time	Location	Registration Deadline
Saturday & Sunday Dec. 2 & 3, 2023	8:30 a.m. – 5 p.m.	SCFA Campus, Columbia	Friday, Oct. 20, 2023

Course Description: This two-day course is designed to develop the decision-making skills needed by Company Officers (COs) to accomplish assigned tactics at structure fires. Activities and scenarios used in this course are based on structure fires. With the real possibility of being the first to arrive at an incident, the CO's initial decisions will have an impact throughout the entire incident. It is vital that COs be able to make good management decisions that have a favorable impact on the eventual outcome.

This course is an excellent review for experienced Company Officers.

Prerequisites include ICS-100-level and ICS-200-level training. Preferred courses are Q462 and Q463, available through [NFA Online](#). Chief's signature attests that the applicant has completed this required training.

Course content includes:

- Leadership issues in fire service training, such as why and how the local training officer must be a catalyst for change and personal motivators within the department,
- Identifying the legal issues affecting the training function, including an understanding of a standard of care and the impact of OSHA and NFPA standards,
- Safety considerations in training,
- Marketing training internally,
- Identifying ways to justify training needs,
- Resolving training conflicts using appropriate conflict resolution techniques,
- Selecting and evaluating training curricula and materials from outside sources, and
- Effective delivery and evaluation of training.

7763 Fire Inspection Principles 1 (FIP 1),

Six-day course N0390/ Course Code/Section Number: 7763-25001

Dates	Time	Location	Registration Deadline
Monday - Saturday August 5 – 10, 2024	8:30 a.m. – 5 p.m.	SCFA Campus, Columbia	Friday, June 21, 2024

Course Description: This six-day, fundamental-level course introduces the student to the fundamental methodology for application of fire and life safety codes and standards. Although it contains many of the basic principles of code enforcement, more experienced code inspectors and officials might find it useful as a review of essential methodologies and as a useful update to current code enforcement applications.

It is not the intent of this course to present specific code requirements; however, this course focuses more on the methodology of the use of these requirements.

Selection criteria

- Individuals whose primary duties are those of a full-time code enforcement inspector/officer with at least six months experience.
- Municipal fire department instructors or senior inspectors who have the responsibility to train their personnel involved in full-time code enforcement activities.
- Suppression Company Officers responsible for in-service fire code enforcement.
- Fire investigation personnel involved in post-fire code studies and analysis.

Note: Special consideration is given to individuals and departments starting new fire prevention bureaus or preparing an individual as an instructor for a code enforcement-training program within their department. A **pre-course reading assignment must be completed** before attending.
