### SUPPLEMENTAL INFORMED CONSENT

#### Firefighter Training During COVID-19

- As with any transmissible disease such as the common cold or flu, you may be exposed to coronavirus at any time or any place.
- For classes held on the Columbia campus, we have taken measures to provide social distancing and require the wearing of face masks.
- For classes held off-campus, we encourage the host department to provide social distancing and encourage the wearing of face masks.
- Due to the nature of firefighter training, it may not always be possible to maintain social distancing or wear a mask.
- Although exposure is unlikely, it could happen, just as exposure could occur at any other place – such as grocery store, restaurant, or at a friend's house.

I understand the risk and still would like to attend and participate in firefighter training with the South Carolina Fire Academy.
