

Fire Instructor Workshop

Friday, April 16, 2021

CONTINUOUS DEVELOPMENT & IMPROVEMENT

In an effort to reinvest back into our instructors and provide continuous learning opportunities, the South Carolina Fire Academy will host a free **virtual** Instructor Development Workshop.

Today's Fire Instructor: Modern Techniques for Modern Times

Today's fire service must be prepared for anything. Likewise, today's fire instructor must excel at understanding today's responders. We need to effectively inform, engage, and prepare our personnel for the situations to which they may respond.

During the five-hour workshop, attendees will learn creative ways to build unconscious competence and reinforce skills that were previously developed. Attendees will also learn how to effectively utilize various technologies including podcasting, video editing, and video conferencing to further engage students.

Date: Friday, April 16, 2021

Time: 9 a.m.- 2 p.m.

Attendees: Limited to active SCFA credentialed instructors who have completed the 4174-New Instructor Orientation program

Virtual event: Attendees will receive an agenda and access link prior to the event.

Register: 6400-21-003

Questions? Contact your [regional coordinator](#)

Jesse Marcotte is the Training Coordinator for the Northville Township (MI) Fire Department, where he has served since 2002. He is also the Training Coordinator for the Western Wayne County Urban Search and Rescue Team. He is passionate about taking an innovative approach to training and continuing education.

Jesse has a master's degree in Public Safety & Emergency Management and is a graduate of Eastern Michigan University's Fire Staff & Command School. He is an Instructor I, Blue Card IMS Instructor, and an IAFF Fire Ground Survival Instructor.

As an instructor, Jesse specializes in curriculum design, educational methodology, and educational technology. He was directly involved with developing the curriculum and resources needed to implement the only Fire Officer series in Michigan to receive Pro Board Certification. Jesse continues to seek out new ways to develop, master, and maintain the many skills needed by today's fire service providers.
