5241: Fire and Life Safety Educator Quarterly Training

This course addresses the job performance requirements outlined in NFPA 1035 (Fire and Life Safety Educator). In addition to continuing education for fire and life safety educators, there will be updates on state programs and opportunities for professional networking. This course is also appropriate for public educators who work with law enforcement and emergency medical services.

Topic: Water Safety/Vacation Safety

This quarterly session explores water safety in relation to boating, swimming, fishing, and other recreational activities. During the morning session, subject matter experts will discuss water-related risks for adults and youth. The afternoon session will cover vacation safety, including traffic and vacation safety tips, trends, and resources to share with the community.
