

SOUTH CAROLINA STATE FIRE

a Division of South Carolina Department of Labor, Licensing and Regulation

Office of State Fire Marshal

141 Monticello Trail • Columbia, SC 29203 (803) 896-9800 • Fax (803) 896-9806

2025 V-SAFE Grant Cycle

\$5.5 Million to 396 Eligible Fire Departments

For the 2025 V-SAFE grant cycle, a total of \$5,563,800 has been awarded to 396 eligible volunteer and combination South Carolina fire departments in 44 counties. Compared to 2024, the number of awards increased by one percent and the total amount disbursed increased by seven percent.

The program provides an equal distribution of available funds to fire departments after they meet the eligibility criteria defined in law and submit a funding application. The Peer Review Panel serves as an oversight panel to ensure compliance, relevance, and adherence to the prescribed intent outlined in state law.

The State Fire Marshal determines the value of the annual maximum amount of grant funding an eligible Fire Department may receive, based on the total amount of grant funding received divided by the total number of eligible fire departments. To accomplish this, a "Notice of Intent to Apply" for funding is submitted via the grant application portal ("Fire Portal").

Of the 398 fire departments eligible to file the **Notice of Intent to Apply**, SC State Fire received 397 notices (99.7 percent). The one remaining department voluntarily elected not to participate/receive funding.

Using the number of fire departments that gave Notice of Intent to apply for funding, it was determined the maximum amount of each award would be **\$14,050**. Additionally, of the 397 eligible fire departments that filed a Notice of Intent:

- 396 fire departments from **44 counties** completed the application for grant funding and did not have any overdue reports prohibiting the receiving of funds.
- The one remaining department updated its roster with newly hired paid members and, as a result, no longer qualified.
- Ultimately, 99 percent of fire departments who filed a Notice of Intent and 100 percent of those filing an application received approved grant funding (via direct deposit or check) starting April 16, 2025.

Category	Percentage
Fire Suppression Equipment	24.51
Protective Clothing	21.44
Rescue Equipment	20.54
Communications Equipment	6.64
Real Properties and Improvements	6.09
Emergency Response Vehicles	5.27
Safety Equipment	5.14
Self-Contained Breathing Apparatus	3.30
Portable Air-Filling Systems	1.8
Decontamination Equipment	1.49
Medical Equipment	1.47
Training	1.24
New and Used Fire Apparatus	.55
Hazardous Materials Mitigation Equipment	.52

Funding for the 2025 grant cycle included the statutory funding provided in §38-7-20(B)(2) and \$3 million in recurring funds from the General Fund. Grants were awarded for equipment in various categories (see chart).

Altogether, nearly 80 percent of all South Carolina fire departments received 2025 V-SAFE grant funding. The following list is in alpha-order (by county) and contains the names of 396 fire departments receiving a V-SAFE grant award of \$14,050 each.
