

## National Fire Department Registry

- Formerly called the National Fire Department Census.
- Established in 2001 by the U.S. Fire Administration (USFA).
- Provides a current directory of registered fire departments.
- Includes basic information, such as address, department type, number of personnel, number of stations, etc.
- The purpose of the registry is to create a national database for use by the fire service and its stakeholders.
- Over 27,000 fire departments are registered.

To download the registry, visit <https://apps.usfa.fema.gov/registry/download>.

### Update your department's listing:

- Visit the **Change Listing** webpage at <https://apps.usfa.fema.gov/registry/change>.
- Select your fire department's state location. Enter your fire department's National Fire Incident Reporting System (NFIRS) FDID number, and select **Sign in**.
- Update your department's information.
- Click **Next** at the bottom of each page to review and update all data.
- Click **Finish** to submit the updated data to the USFA.

### Unable to access your department's listing?

Contact the USFA at [census@fema.dhs.gov](mailto:census@fema.dhs.gov) or call 301-447-7575. Be sure to include the department name, state location, and FDID number (if known) in all inquiries.

### Need to register your department?

Visit <https://apps.usfa.fema.gov/registry/register> to register today.

USFA thanks you for your participation in this very important effort.
