2027 Fire Safe South Carolina Summit

For ten years, Fire Safe South Carolina has brought together the state's fire service and partner organizations to strengthen community risk reduction. During that time, participating departments have expanded their capabilities, addressed local risks, and advanced efforts to make their communities safer. **The 2027 Fire Safe South Carolina Summit marks the next step.**

The 2027 Summit will focus on strengthening the annual designation process and advancing effective community risk reduction. Presenters will share nationally recognized best practices, demonstrate the value of partnerships, and highlight successful approaches from across the field. Attendees will leave with practical strategies to develop, implement, and evaluate risk reduction efforts in their communities.

"Fire Safe South Carolina only works when all five partner organizations are committed to a common purpose and when participating fire departments bring that same commitment to their communities," said SC State Fire Marshal Jonathan Jones. "That collective effort is what moves community risk reduction forward across South Carolina."

Attendance is free, and lunch will be provided. Registered attendees who are unable to attend must cancel by February 1, 2027. Those who no-show or cancel after the deadline will be charged a $45 fee.

Wednesday, March 3, 2027 8:30 a.m. – 4:00 p.m. No cost to attendees. Catered lunch provided.
