

# VIRTUAL LEADERSHIP TRAINING SERIES

The South Carolina Fire Academy presents a free *virtual* workshop centered around fire service leadership training. This live instructor-led workshop will be delivered through a virtual platform. For your convenience, the event will also be recorded and posted for later viewing.

## Detailed Leadership

Intentional leadership is the foundation for success within an organization, on the fire ground, or when building relationships. From the bay floor to the battalion car, leadership rises or falls based on the details. This class takes an in-depth look at what it means to be detailed with your people, and your profession. The eyes of those you serve, and serve with, are always watching. Giving priority to the details can make others decide whether to follow out of duty or based on loyalty.

You might be a chief with two months left until retirement, a firefighter with only two years on the job, or a Lieutenant leading a crew. There are ways everyone in an organization can lead. Regardless of the rank, leadership is something that is earned and taken by those who are willing to pick up the details.

## Registration Details

**Date:** Tuesday, June 28, 2022

**Time:** 10 a.m. - 12 p.m.

**Virtual event:** Attendees will receive an agenda and access link prior to the event.

**Register:** 8820-22-002

<https://fire.llr.sc.gov/Portal/Registration/registration.aspx?crsidnt=75107>

**Note:** Students who are pre-registered, and attend the workshop, receive SCFA transcript credit. If you are unable to attend the live event, it will be recorded and posted for viewing at your convenience. However, if viewing the recorded workshop, SCFA transcript credit is not available.

## About the Speaker

**Micah Rains** is a 16-year veteran of the fire service and is currently assigned as a Lieutenant on Engine 4 at Greenville City Fire Department. He serves as one of the shift training officers in his department and teaches recruit classes, leadership courses, and several S.C. Fire Academy classes. Additionally, he is an active member of the S.C. Task Force 1 USAR team and serves in the state as a subject matter expert in the development of firefighting curriculum. Micah has taught at many conferences including the Metro Atlanta Fire Conference, South Carolina Fire Rescue Conference, and the Company Officer Academy.

Along with this experience, Rains has been an instructor in the Fire Science Program at Greenville Technical College. He has also been part of the research and development of the Greenville City Fire Department's high-rise procedures and teaches high-rise classes throughout South Carolina and at regional fire conferences.
