

SC Fire Academy Instructor Recertification 2022

To maintain their Active Instructor status, SCFA instructors who completed 4174-New Instructor Orientation or 4220-Instructor Recertification Workshop prior to 2021 must take one of the five following courses. Any previously approved instructor who is currently “inactive” can also become active.

The workshop is available on the Academy's Blackboard training site as a pre-recorded video. To view it, instructors must register for the workshop via the Fire Portal (see links below).

When the roster is finalized, instructors will receive an email with a link which will be active for 15 days. The video can be viewed during this time period. Upon completion, instructors will receive transcript credit and a certificate.

NOTE: Instructors who completed 4174-New Instructor Orientation or 4220-Instructor Recertification Workshop in 2021 or 2022 are not required to attend this year's recertification.
