

# VIRTUAL LEADERSHIP TRAINING SERIES

The South Carolina Fire Academy presents a *virtual* workshop centered around fire service leadership training. This live instructor-led workshop will be delivered through a virtual platform.

## Detailed Leadership-Aggressive Tactics

Intentional leadership is the foundation for success within an organization, on the fire ground, and when building relationships. From the bay floor to the battalion car, leadership succeeds or fails based on investment in the details. This two-hour class takes an in-depth look at what it means to be detailed with your employees and profession. Additionally, it examines how good leadership can translate into aggressive tactics on the fire ground. Qualities of a good leader, how to manage others, and supporting the mission of the fire service will be discussed. To win on the fire ground, we must be able to lead in the firehouse.

## Registration Details

**Date:** Tuesday, Feb. 21, 2023

**Time:** 1 - 3 p.m.

**Registration Fee:** \$5 (Agencies will receive an invoice for “no show” students.)

**Virtual event:** Attendees will receive an access link prior to the event.

**Register:** 8820-23-001

## About the Speaker

Micah Rains is a 16-year veteran of the fire service and is currently assigned as a Lieutenant on Engine 4 at Greenville City Fire Department. He serves as one of the shift training officers in his department and teaches recruit classes, leadership courses, and several S.C. Fire Academy classes. Additionally, he is a member of the S.C. Task Force 1 USAR team and serves as a subject matter expert in the development of firefighting curriculum. Rains has taught at many conferences including the Metro Atlanta Fire Conference, South Carolina Fire Rescue, and the Company Officer Academy.

Along with this experience, Rains has been an instructor in the Fire Science Program at Greenville Technical College and operates Palmetto Fire Tactics, LLC. He has also been part of the research and development of the Greenville City Fire Department’s high-rise procedures and teaches high-rise classes throughout South Carolina and at regional fire conferences.
