

The Firefighter Rescue Survey: Using Real Life Data for Real Life Decisions

Data points from the [Firefighter Rescue Survey](#) (FFRS), an on-going voluntary survey created by veteran firefighters for a singular purpose – to save lives, will be discussed during this two-hour virtual workshop. Specifically, the first 3,000 survey response results (from more than 50 compiled questions) will be shared that should drive future Incident Commanders' decisions in real time on the fire ground.

This workshop will also present the need to update and tailor basic and advanced training methods and techniques using FFRS and the UL search data that will enhance victim survivability.

REGISTRATION

Date: Tuesday, April 23, 2024

Time: 1 - 3 p.m.

Virtual Event: Attendees will receive an access link prior to the event.

Registration Fee: \$5 (Agencies will receive an invoice for “no show” students.)

Registration: 8668-24w01 <https://fire.llr.sc.gov/Portal/Registration/registration.aspx?csidnt=81023>

Note: When completing your registration, you will be prompted to enter your Fire Department name. Click to search and select the appropriate agency. If your agency is not listed, contact amy.williamson@llr.sc.gov.

ABOUT THE SPEAKER

Jonah Smith, a fire service member for more than 20 years, is a battalion chief for the Charlotte (NC) Fire Department serving as the Chief of the 8th Battalion on C-Shift. He is also a volunteer firefighter with the Indian Land (SC) Fire Department. He holds a Master's Degree from the University of South Carolina.
