

## Offering in 2024: Fire Officer III

For South Carolina fire service personnel, the S.C. Fire Academy is offering Fire Officer III in August 2024. This 10-day, 80-hour chief officer class is designed to take the student to NFPA 1021 Fire Officer III level. Students will work in groups to complete activities and develop a final in-class presentation.

Topics include: personnel staffing, hiring, promotions, professional development, member benefits, employee accommodations, development of training programs, community risk reduction, preparation of budgets, budget management, purchasing processes, information management systems, data analysis, organizational improvement, evaluation of inspection programs, development of a safety plan, incident mitigation planning, conducting a post-incident analysis, planning for special resources, accident and injury prevention, and fire service integration in emergency management.

There are no tests, but there is a significant amount of reading, research, activity completion, and planning outside of class.
