## Instructor Recertification 2025

### Who Should Attend?

SCFA instructors who completed either the 4174-New Instructor Orientation or 4220-Instructor Recertification Workshop before 2024 must take one of the five courses listed below to maintain their active status. Any instructor currently listed as "inactive" can also take the course to regain their "active" status.

Instructors who completed either the 4174-New Instructor Orientation or the 4220-Instructor Recertification Workshop in 2024 or 2025 do not need to attend this year's recertification.

In January 2026, any instructor who did not complete either a 4174 or 4220 in 2024 or 2025 will be made "inactive."

### Workshop Details

The recertification workshop is offered as a pre-recorded video on the Academy's Blackboard training site. To access it, register via the Fire Portal.

A few days before the course, an email with directions and access information will be emailed to registered students. The course will remain active for 15 days for viewing.
