Special Offering: Incident Management Team Position-Specific Training

The Palmetto Incident Support Team is offering L-960, All-Hazards Division/Group Supervisor (DIVS), a three-day, position-specific course designed to prepare personnel to serve in a critical Operations Section role within an Incident Management Team.

L-960 provides students with a practical understanding of the duties, responsibilities, and capabilities of an effective Division/Group Supervisor during all-hazards incidents. Course content addresses the role of DIVS within the Operations Section, incident mobilization, initial situational awareness, managing assigned resources, implementing tactical assignments, maintaining accountability and span of control, coordinating field operations, communicating operational information, and supporting the Incident Action Planning process.

This course is intended for experienced emergency response personnel who are preparing to serve as a Division/Group Supervisor, or in related Operations Section leadership roles. It is particularly valuable for personnel serving on incident management teams who may be responsible for supervising multiple resources during complex or expanding incidents.
